SCHOOL FEES FOR 2020

St. Bernadette's School is a non-profit organisation. Fee payments from parents is essential income required to provide the high level of teaching programs, student support and physical facilities that are offered.

St Bernadette's family school fees are extremely reasonable in comparison to other Catholic Primary Schools. This relates to the school's belief that a quality Catholic education should be available for all.

The school fees are not charged per child rather per family. It does not matter if you have one child, two or more, the family school fee is the same.

The family school fee is \$1510 per family which includes the family Elearn levy.

The school levy is \$260 per school age child in the family. This forms the levy for excursions, copying, internet costs, and related learning materials.

Direct debit and regular payment plans are available to suit individual family circumstances.

Parents who hold Health Care Cards can access significant savings in order to further allow a quality Catholic education for all.

Special Allowances will be granted for families experiencing genuine financial hardship, especially within the current Covid19 situation.
